## GIVE THANKS AND PRAISE

### Rita Wing

From information given, Rita is doing really well after her major operation. She is up and walking about and managing to eat mushy food. Pray the Lord will continue to heal and restore her.

### Miracle mother

Three generations of one family turned up on the doorstep of the BMS office in North Africa. This was the start of a miraculous intervention by the Lord. The woman stood with a new-born baby in her arms and her mother beside, who was near to collapse. All were exhausted having ran in fear for their lives from the hospital after giving birth. She was unmarried - an extremely shameful thing, culminating threats and often death.

With no money and having no clue where to go, God was guiding them as they immediately got on the only train, which took six-hours to get to the capital. All they held onto was the memory that BMS was somewhere there. A taxi driver took them free of charge to BMS HQ, where the only worker was about to leave. The majority were out of the country at a conference. With no phones, they would have been truly stuck! A place was found almost immediately where they could stay and they are now safe. What a miracle!

Vic Fromm and Richard Chalu have both resigned as deacons. Do you feel called by Father to serve Him in any way in our fellowship? If so, why not speak to one of the deacons listed above.
