

## **‘The Canopy’ at Wymondham Baptist Church**

WBC has extended our walls to create **The Canopy**, a biblically inspired space of shelter, warmth and protection for our community. Within it, our community cafe Roots, will continue to ground and nourish people.

Together, they form a complete ecosystem of God's hospitality, where anyone from the fringe to the core can find shade from life's storms and room to grow.

The Canopy celebrates what God is already doing through Roots while stretching our branches further into the community. It provides our church with a beautiful talking point to explain the Gospel – how Christ invites us all under His protective shadow.
